

What are LSO?

LSOs or Local Support Organisations are a Union Council level federation of Community Institutions. In a bid to reduce poverty at the household level and empower marginalised people (esp. women), they carry out community-led development and develop linkages with government and non-government organisations.

LSO Initiatives

8. Facilitated **135 women** reaching out to the health centres for safe deliveries.

Women leaders of **LSO Ali Mola** are planning and implementing development activities both on self-help basis as well as in collaboration with government agencies. The EU-funded SUCCESS programme is empowering rural women in Sindh by realising the power they gain from collective action. The organised women are gaining awareness about their rights, making the service providers accountable and are taking self-initiatives to improve their lives.

Registration of CNICs

The Computerised National Identity Card (CNIC) is an important document, which every citizen both male and female should have at the age of 18 years, but unfortunately, some people do not have access to it being unable to go through the registration process. Particularly in the rural areas where people had to travel miles and had been bearing the travel costs, to go to the NADRA office in the town. Similarly, before the formation of local Support Organisations (LSOs), people were unaware of the significance of having a CNIC; however, when the LSOs formed and conducted Community Awareness Toolkit (CAT) sessions the community realized its importance. Members of the LSO Ali Mola requested the NADRA officials to send a mobile van to the Union Council (UC) Phulji since the majority of the people cannot afford to go to the NADRA office themselves. However, at their request, a mobile van came to the UC and the community registered their CNICs.
