

## **06 Days District Level BEmONC-I Training for Skilled Birth Attendants - Group 1**

**Event Venue:** Training Hall, MCHIP Umerkot Office

**Duration:** 25-30 May 2015

**Target Group:** Skills Birth Attendants (Male and Female Medical Officers and Lady Health Supervisors) of Peoples Primary Health Initiative (PPHI)

**Participants:** 24

The 06 Days District level BEmONC-I (Pregnancy, Childbirth, Postpartum, and Neonatal Care) Training was conducted by MCHIP-Umerkot during 25 to 22 May 2015 at Training Hall, MCHIP Umerkot Office. 20 participants including Female Medical Officers and Lady Health Visitor (LHVs) from PPHI health facilities actively participated in the training.

The main objectives of the ToT were to;

- Enhance participants' learning in Maternal and Child Health (MCH) services.
- Boost their skills in handling Normal Vaginal Deliveries (NVDs).
- Enhance their learning in Infection Prevention and sensitize and motivate them for practicing IP in their facilities.
- Build their capacity in providing services in newborn care and management.

The ToT was inaugurated by Mr. Islah-ud-Din Narejo (District Support Manger). He appreciated RSPN/Jhpiego for conducting such learning oriented training under MCHIP to enhance the skills and learning of Skills Birth Attendants of the PPHI health facilities. He also encouraged the Female Medical Officers and LHVs for their active participation in the training. The training schedule included 2 days orientations and 3 days field to boost up the participants skills in the field practically.
