SUCCESS Programme

The National Convention of the LSOs 2022

Community Activist share their experience under the SUCCESS Programme during the LSO Convention

The Rural Support Programmes Network (RSPN) organised the annual national convention of the Local Support Organisations (LSOs) on 13th December 2022. The convention is a platform to interact with LSOs (Community based institutions at the Union Council Level), donor agencies, development partners and other stakeholders to share local knowledge and learn from their experiences of implementing community driven development approach in Pakistan's rural communities.

The LSO Convention 2022 focused on local communities' efforts to address sustainable development goals (SDGs), poverty graduation of households and climate change. Representatives of the LSOs from all four provinces and AJK and Gilgit Baltistan presented their work on implementing the community driven development approach, inclusion of vulnerable members of the community and efforts

to graduate households out of poverty. The CEO RSPN, Ms Shandana Khan gave an opening remarks and acknowledged the role of RSPs, community members especially women on their presence at the event to celebrate yet another year of successful efforts to reduce poverty at the household level and empower the local communities.

The convention comprised of two panel speaker sessions. The first session highlighted the role of LSOs in poverty graduation of households and addressing sustainable development Goals. The second session was on Local Communities and Climate Change, in order to understand the impact of climate change on rural communities in Pakistan and the role of community institutions in responding to the issue. The RSPN staff, government officials, and international donors appreciated the commitment and passion displayed by the LSOs in their work.

HIGHLIGHTS

BRACE Programme

EU Ambassador, Her Excellency Dr Riina Kionka visits Balochistan

Ambassador of the European Union to the Islamic Republic of Pakistan, Her Excellency Dr Riina Kionka visited Balochistan in November 2022. She had meetings with the senior officials of the Government of Balochistan including the Speaker of the Provincial Assembly and the acting Governor, Mr Jan Muhammad Jamali. In addition to her engagements in Quetta, Her Excellency made a special road trip to the community in UC Tootak, district Khuzdar. Dr Kionka particularly loved the way the little girls from the local community welcomed her in her native Estonian language. She talked to community members, leaders of the LSO Tootak and attended a session dedicated to women of Tootak. The delegation of the EU officials were hosted by Deputy Commissioners of district Khuzdar, Mr Ilyas Kibzai. Transformative progress of the EU-funded BRACE Programme was discussed, and Her Excellency promised continued support from the European Union to the people of Balochistan. RSPN's Programme Manager for BRACE Programme,

accompanied the EU delegation and facilitated the host Balochistan Rural Support Programme (BRSP) colleagues in briefing the delegation on the important work done under this flagship EU programme in Balochistan.

Group Study Tour: The Hague Academy for Local Governance (HAfLG)

Under the BRACE Programme, a delegation of senior officials from the Government of Balochistan completed a week-long training and study tour at the Hague Academy for Local Governance (HAfLG) in the Netherlands. International experts facilitated interactive and encouraged learning from case studies from comparable developing nations across the globe who had excelled in various aspects of community development and local governance. In the Dutch capital, the Embassy of Pakistan hosted a meeting and participants also visited Rotterdam and Amsterdam where they met community-based organisations and local councillors of the Dutch municipalities. The delegation of 20 participants also had representation from the implementing partners of the BRACE Programme including RSPN.

Group photo of the participants at The Hague Academy for Local Governance

BRACE Programme Lessons Learnt Workshop at Gwadar

Group photo of the participants of the Reflection Workshop in PC Gwadar (Nov. 2022)

The BRACE Programme started in July 2017 and its current No-Cost-Extension will conclude in June 2023. As the programme comes to an end, RSPN organised field visits to district Kech and a Reflection Workshop in Gwadar in November 2022. The objective of this workshop was to understand and document the challenges faced during the implementation period, how these challenges were addressed, which strategies proved to be effective on the field and what interventions failed to deliver the expected outcomes. This exercise was pivotal to

document the lessons learned from the implementation of this largest community empowerment programme in Balochistan. This exercise also aids in improving project planning and design for the future. Facilitated by Mr Bilal Naqeeb at RSPN, the cohort of the workshop participants included Technical Assistance team, implementing partners ie BRSP and NRSP, RSPN staff members and select representative of Community Institutions fostered under this programme.

Case Study:

Badr Un Nisa is a community activist, and a member of the Village Organisation (VO) Balecha Shirki Mix, Union Council Shahaab, District Kech. With technical support from NRSP, She plays an important role in the development of her community.

"I have been trying to convince parents to enrol their children in school, I know how important it is to get our children a proper education." Says Nisa.

"My first opponent was my own son but the toughest one I have experienced so far was from the Mufti of our Masjid", she added.

"I went straight into the masjid and requested the mufti not to oppose my cause. I guided him about the programme, made things clear to him, and finally managed to convince him", shared Nisa with a smile on her face.

It was Badr Un Nisa who opened the first Adult Literacy and Numeracy Skills (ALNS) training centre in Balochi Bazar where she belongs, and it was the hardest thing to do in that area.

I am sending my kids, a boy, and a girl to school so they can become better human beings which not only is good for themselves but also for the community they belong to.

Nisa is conducting Community Awareness Toolkit (CAT) sessions at her home including the sessions on community and women empowerment whenever she gets a free hour or two. "I have collected too many certificates during my work that I may use to grab the attention of vote-casters and turn them in my favor during the elections if I plan to contest ever", she concluded.

Programme for Improved Nutrition in Sindh – ER 2 – Districts Dadu & Jamshoro

The Rural Support Program Network (RSPN) is working to address the root causes of malnutrition and provide support for the prevention and treatment of malnutrition in children and pregnant or lactating women in District Dadu and Jamshoro of Sindh Province, through an integrated approach. This work is being carried out under the European Union Programme for Improved Nutrition in Sindh (PINS ER-2) with the support of Department of Health (Sindh), and implementing partners Thardeep Rural Development Programme (TRDP) and Peoples' Primary Healthcare Initiatives (PPHI Sindh).

In districts Dadu and Jamshoro, there are a total of 93 Outpatient Therapeutic Programme (OTP) sites, 791 Community Health Workers (CHWs), and 2 Nutrition Stabilization Centers (NSCs) with trained technical staff who provide services to screen

children and women, provide MNP, IFA, and RUTF, and continuously conduct sessions on a balanced diet, Infant and Young Child Feeding (IYCF), health, and hygiene to help the community to prevent and treat malnutrition.

Progress on Outputs	Achievement in Numbers
No. of Children 6-59 months of age screened (12.1% of the total population)	179030
No. of Children (6-59) Enrolled in OTP Referred by CHWs	9758
No. of Children (6 to 23 M) Received MNP	57175
No. of PLW Screened	77545
Total PLW received IFA tablets	50749
Number of Children (6-59) children enrolled in OTP	38266
No. of Children dewormed	19836
No. of children cross-referred for diarrhea	45245
No. of cross-referrals to other health facilities (ARI)	37946
No. of cross-referrals to EPI	36310
Number of Cases Cured in OTP Sites	31370
No. of SAM children admitted with complications in NSC	1752
No. of Cured children in NSC	1602

Community Engagement for Promotion of Reproductive Health Rights (RHR) in Youth and Improve Their Reproductive Health (RH) Access

The project is currently implemented in two districts of Sindh Matiari and Qambar Shahdadkot with the support of National Rural Support Programme (NRSP) and Sindh Rural Support Organization (SRSO) in 28 Union Councils. Adolescents and Youth of age 15-24 are selected by the Community Institutions (CIs) as Youth Champions (YCs) to establish peer group network, deliver awareness sessions on RHR Toolkit and begin conversations on early marriages, birth control, gender based violence, puberty and reproductive health rights (for married youth), female education and child labor.

Data gathering for RNA by a Youth Champion in Qambar Shahdadkot

This project works on the principles of creating an enabling environment so youth and adolescents are supported in exercising their reproductive health rights. So far,

1. **380 LSO members** have been trained and oriented on the RSPN SRHR toolkit
2. **168 Key Community Influencers (KCIs)** have been trained on SRHR, consequences of early marriages and prevention of GBV. The KCIs will go on to train men of the community as men hold the decision making power in households.
3. A total of **798 youth champions (50% girls)** have been trained and oriented on 8 sessions of the SRHR toolkit. The youth champions will be trained on 8 more sessions in upcoming year. The YCs hold awareness sessions on the SRHR toolkit for their peers.
4. A total of **56 Adult and Youth Friendly Spaces (AYFS)** have been established for youth at UC and village level. AYFS are safe spaces for youth to gather at and discuss their SRHR issues. These spaces also host international days, art shows and other skill based programs for youth.
5. **6 District Coordination Committee Meetings (DCCMs)** were held to coordinate with government and non-governmental organizations on matters of providing support to youth.
6. A total of **600 dignity kits** were distributed in women and young girls. Dignity Kits contained menstrual and general hygiene items.

Case Study:

Determination Wins Hearts

Amin was born in a family of 8 members, with 4 brothers and 2 sisters. As a curious and motivated 16 year old, Amin became a Youth Champion of the SMK project. He belongs from UC Dera, Village Organisation Jiye Latif. He received sensitisation training on the topics within the SRHR toolkit developed for adolescents.

However, his challenges had only just begun once he began conducting sessions.

"When I would hold a session in my village, only 5 to 8 boys would actually end up attending. Others who came would be dragged away by their mothers to their homes as they did not approve," recalls Amin, the time he had to struggle during the initial phase of the project.

"I thought to myself, this is an impossible situation. What can I possibly do to share what I have learnt with the boys in my community?" Amin brought this challenge to the youth development officer that was involved in training him, and confided in other Youth Champions about his situation.

Soon after, he realised that in order to get to the adolescents, he must first sensitize the parents on the material he is to share. This did not mean that his job was done. With sheer determination, he arranged family meetings with various homes across his village, and underscored the importance of having life skills based education. His negotiation skills helped him destigmatize themes and topics the parents deemed inappropriate, and went door to door in a lot of cases to deliver sessions to the elders.

Now, Amin has won the confidence of his village, and regularly conducts sessions with the boys in his village, all of whom heartily participate in his sessions. "I am very happy to see so many faces in my sessions. Now it feels like we are making a change."

Education Cannot Wait

Multi-Year Resilience Programme 2022-2024

Education Cannot Wait (ECW) is the first global fund dedicated to education in emergencies and protracted crises. The fund's Multi-Year Resilience investment window addresses longer-term needs through multi-year joint programs in protracted crises, enabling humanitarian and development actors to work together on delivering collective education outcome. The MYRP will be implemented as a partnership between the Government of Pakistan and a consortium led by UNICEF, Voluntary Service Overseas and the Rural Support Programmes Network in Balochistan and Khyber-Pakhtunkhwa. RSPN's Education Cannot Wait (ECW) is being implemented by Balochistan Rural Support Programme (BRSP) in three Districts of Balochistan i.e., Loralai, Panjgur, and Kohlu.

CRP holding an awareness session under ECW

Baseline Study and Situational Analysis

As part of the ECW-funded MYRP programme, several assessments and surveys are planned that aim at providing an in-depth analysis of needs for inclusive, relevant, and quality learning of the most vulnerable girls and boys. During the reporting period, a consulting firm to conduct baseline and situation analysis has been taken on board. The objective of the survey is to establish benchmarks against defined project outcome and output indicators. The data collection process has been completed in the targeted districts by consulting firm and data analysis is under process.

Orientation of Local Support Organisation

Lack of parental involvement is viewed by teachers, administrators, and the public as the single biggest problem facing schools, making it crucial to promote increased involvement. In order to engage communities and parents, RSPN & its implementing partner BRSP has engaged 46 LSOs and Community Groups to engage wider community and encourage them to play their role in school enrolment and retention. One day orientation of members of Executive body of LSOs has been conducted. The objective of the orientation was to orient them about their role in identification of CRPs, out of school children, enrolment and retention of out of school children and teachers attendance. In total 690 members were trained during the reporting period.

Training of Community Resource Person on Education Toolkit

During the reporting, implementation partner BRSP has identified the 227 Community Resource Persons to raise awareness on education and Menstrual Hygiene Management (MHM). One day training of CRPs was conducted to orient them about their roles and responsibilities in the project and on how to conduct Sensitization Session with Community with the help of Counselling card/ Toolkit and registration of out of school children in their catchment area.

Balanced Energy Protein Rural Market Test

RSPN's BEP Pakistan Rural Market Test is a two-year project funded by Bill and Melinda Gates Foundation (BMGF) and implemented by RSPN in partnership with NRSP and SRSO. The other partners are Hystra, BoP Inc., Hudson Pharma, Centre for Economic Research in Pakistan (CERP) and Mathematica. The project is currently being implemented in two districts: Bahawalpur in Punjab and Kambar Shahdadt, Sindh.

The purpose of the project is to increase availability of nutritious, high-protein supplements to Pakistan's poorest populations, targeting pregnant and lactating women, to improve their nutritional status and subsequently reducing stunting amongst children.

The rural market test seeks to test potential uptake and consumption frequency of Wellma (the nutrition

supplement), as well as its impact on the nutritional status of PLWs, when sold via private channels at a subsidised price, with a minimum recommended price of PKR 30 per sachet (based on estimated willingness to pay in rural areas). This would ultimately be with a view to determine the cost-effectiveness of such an approach vs. a fully subsidised strategy.

In Y1, 100 Community Resource Persons in each target district were engaged in the project. They were tasked with carrying out the registration of MWRAs and PLWs; conducting group meetings to raise awareness regarding the product along with debunking myths and misconceptions attached with nutritional products for PLWs. They are also responsible for conducting household visits to sell Wellma.

Activities between October-December 2022

The sales of Wellma picked up after scale-up. In the reporting period, a total of 141,817 sachets were sold to over 4000 PLWs.

Furthermore, as per the decisions taken in the second SteerCo. meeting, RSPs launched two pilots in the reporting quarter:

Basket of Goods (BoG)

In each district, 5 CRPs were identified to participate in the BoG pilot. Purpose of the pilot was to observe the impact of introduction of BoG on sales of Wellma. The basket includes three items: soap, sanitary napkins and pregnancy strips. Between October and December 2022, CRPs have sold 7171 soaps, 589 pregnancy strips and 5682 sanitary napkins.

Loyalty Scheme

Under this scheme, 20 CRPs from each district gave 2 free sachets to PLWs for every 12 sachets they bought. In the reporting period, 847 PLWs availed the scheme. It helped boost overall sales of Wellma.

Note: * This RSP quarterly SM outreach is fully aligned with the population and household census of 2017 where all districts' 1998 and PSC census data replaced with the latest rural household numbers in all districts except districts of AJK and GB as PBS still not released the census results.

Note: ** The 152 districts include all Newly Merged Districts (NMDs) of KP province were previously known as FATA agencies and FR areas. These newly merged districts will be integrated in to the KP province once the UC and district level PBS census 2017 is available.

* The total figure for districts/areas and union councils excludes 37 overlapping districts (presence of multiple RSP) and 935 overlapping union councils.

+ Data pertaining to AJKRSP updated as at March 2013 and AKRSP updated SM outreach data of newly formed districts of Shigar, Kharmang and Nagar after separating numbers reported in previously affiliated districts.

Overall 12 UCs coverage increased during reporting period ie Jul-Sep 2022. SRSO aligned its SM outreach with the GoS-PPRP and EU-SUCCESS Programmes where over-reporting of UCs and households has been resolved in former reporting period.

WHO WE ARE

The Rural Support Programmes Network is the largest development network of Pakistan, with an outreach to over 48.9 million rural Pakistanis. It consists of 10 member Rural Support Programmes (RSPs) that espouse a common approach to rural development: social mobilisation. Social mobilisation centres around the belief that poor people have an innate potential to help themselves, that they can better manage their limited resources if they organise and are provided technical and financial support. The RSPs provide social guidance, and technical and financial assistance to the rural poor. RSPN is the strategic platform for the RSPs: it provides capacity building support to them, and assists them in policy advocacy and donor linkages.
